## About

The Sedgwick First Report of Injury (FROI) Portal is an electronic form processing system for the employer accident report. The Sedgwick FROI facilitates collection of the vital information required for a complete COV first report of injury.

The Sedgwick FROI is a web-based application. This increases accessibility and enhances accuracy and speed of claim resolution.

This document is intended as a guide for users of the Sedgwick FROI application. This document provides a description of the FROI application, including instructions for accessing and using the application, and how to obtain technical support.

## System Requirements

The following table outlines the system requirements for optimal performance.

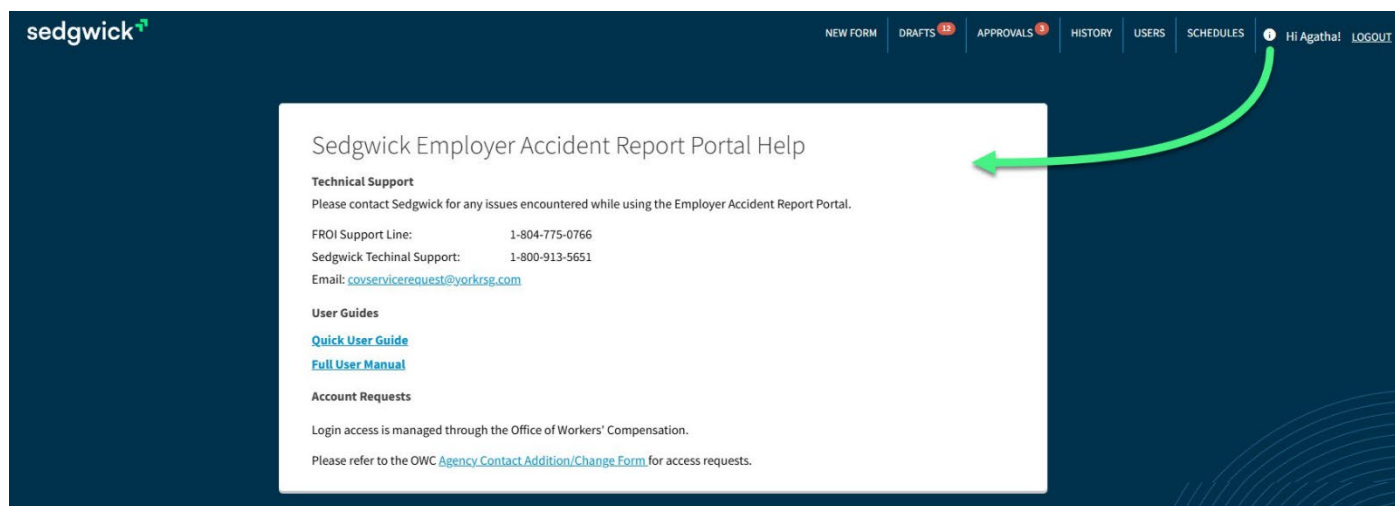

Item	Minimum	Recommended
Internet Browser	IE10 or above, or a current version of Firefox, Chrome, or Safari browsers	IE10 or above, or a current version of Firefox, Chrome, or Safari browsers
Connection	56 KB	Broadband, LTE

## Obtaining Technical Support

Technical support for this Sedgwick product is available at 800-913-5651.

Live technical support hours are Monday through Friday, 8:00 AM to 8:00 PM EST.

Clicking the  icon in the upper right hand corner of the FROI web page will provide support contact information.

**Account Requests**  
Login access is managed through the Office of Workers' Compensation.  
Please refer to the OWC [Agency Contact Addition/Change Form](#) for access requests.

# Accessing the Employer Accident Report

1. Using your internet browser of choice, go to <https://frois.sedgwick.com>.
2. Login with your username and password. Anonymous users select “Continue without Logging in”.

The “Continue without Logging in” choice is designed to direct forms for approval to the authorized HR representatives with responsibility for particular employer locations. No claims are created unless approved by authorized representatives. Your organization may elect to utilize this workflow to expand use while retaining centralized oversight. Please check with your HR department for further guidance.

**sedgwick**

**Welcome**

Welcome to the Sedgwick Employer Accident Report Portal.

[Continue without Logging in](#)

Only use if your organization uses Anonymous form creation.

Forms created using this link will be added to an approval queue for the employer's authorized HR representative.

**LOGIN**

**USERNAME:**

**PASSWORD:**

[Forgot password?](#)

[Login](#)

Your authorized HR representatives should log in here with credentials supplied by Sedgwick.

Once logged in, you may submit claims and approve forms from anonymous users.

Access to this information resource is restricted to authorized users only. This information resource may be monitored for administrative and security reasons. By proceeding, you consent to this monitoring. In order to protect the information entrusted to Sedgwick, unauthorized access and/or unauthorized use of this information resource may be prosecuted to the fullest extent of the law.

© 2025 SEDGWICK

**Anonymous User:** A user that accesses the form without logging in. No access is received other than a blank form and ability to select an employer location to direct a form to an authorized logged in user (Approver).

**Approver:** A user logged into the site has authority to approve a new claim creation for the employer locations authorized for their account. Approvers are notified if Anonymous users submit a form to the approval queue for their employer location(s).

## Account Login Security

### *90 Day Password Renewal Requirement*

Ten days prior to your password reaching the age of 90 days (80), the login page will begin displaying a message prompting you to update your password which will expire in x day(s). You may choose to continue without resetting until day 90 when you will be informed your password has expired and must be reset.

## Reset Password

Your old password expired, please enter the new password.

\* Indicates a required field.

Enter Old Password: \*

Enter New Password: \*

Confirm Password: \*

Please be sure your new password meets the following requirements:

- 7 or more characters
- Uses both letters and numbers
- Contains at least 1 special character
- Contains at least 1 uppercase character

Your password expired. Please reset your password.

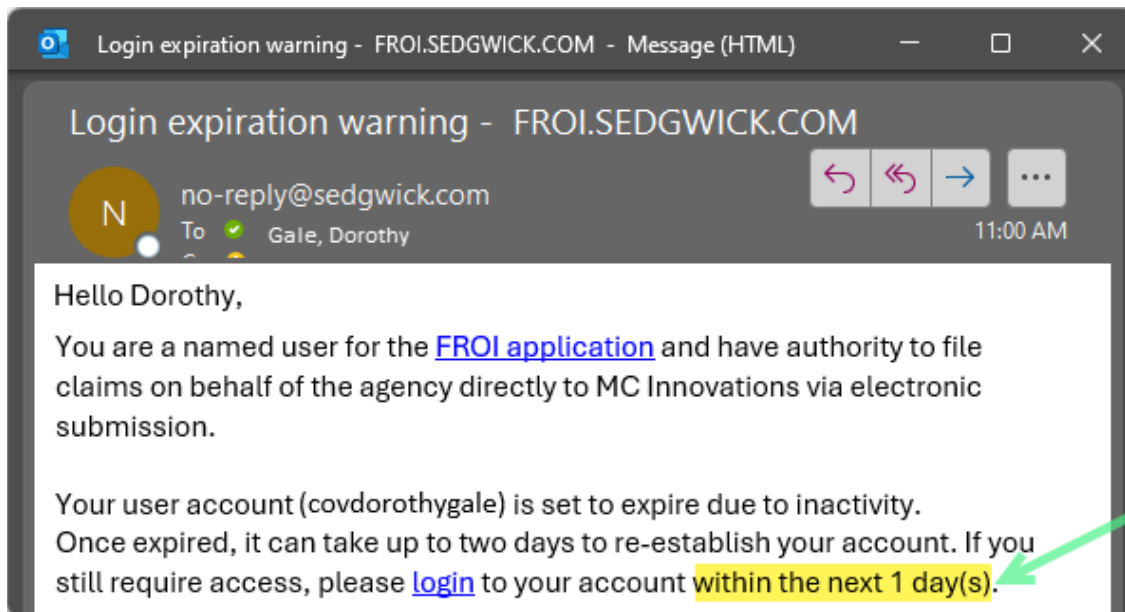

Submit

## 90 Day User Expiration If User Has Not Logged In

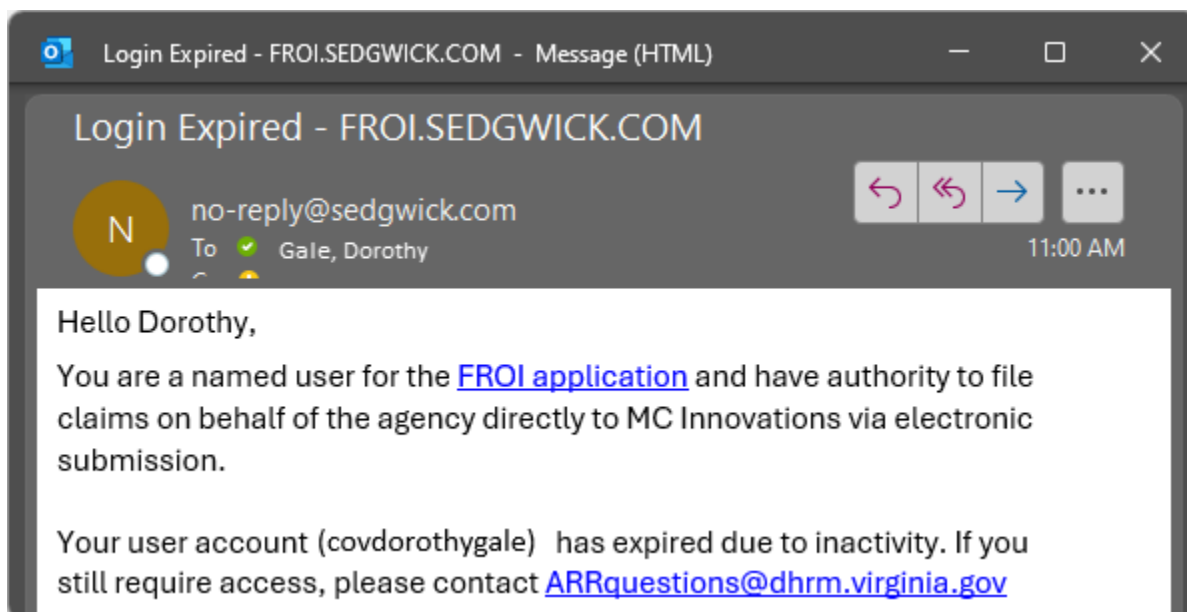

User accounts will expire if not used within 90 days. Warning emails will be sent in advance starting 10 days before expiration. These pending expiration emails will continue to be sent daily until the account inactivity exceeds 90 days, when a final account expiration notice will be sent.

To avoid expiration, simply log into your account prior to the end of the 90 days. The 90-day counter will then reset.

Note: Once expiration occurs after 90 days, the account will be disabled. The Office of Workers' Compensation (OWC) will need to be contacted in order to re-enable the account. The OWC should be contacted via the email address [ARRquestions@dhrm.virginia.gov](mailto:ARRquestions@dhrm.virginia.gov). It may take up to two days to re-enable the account.

Consecutive Countdown emails starting at starting at 10 days from expiration.

## 20-Minute Session Inactivity Timeout

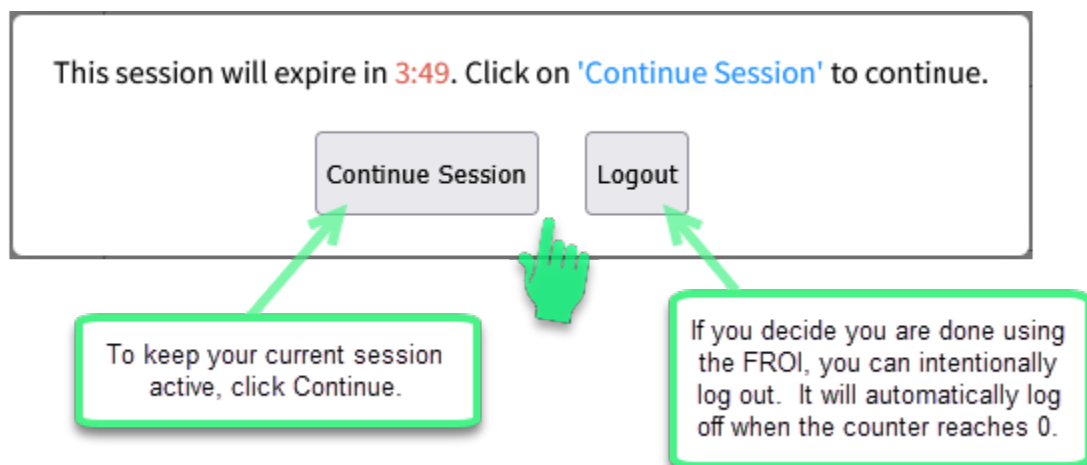

The FROI web page will log out and return to the initial login screen if there has been no interaction for more than 20 minutes.

- After 15 minutes, a pop-up window will appear with a 5-minute countdown displayed.
- You may dismiss the pop-up and continue by clicking “Continue Session”. The session will start over again and you can continue as normal. The pop-up will only reappear if you pause again for 15 minutes.
- If the pop-up countdown window reaches 0, your session will be ended. The screen will revert to the login screen.

Note for logged in users: The FROI forms are autosaved every 3 minutes. If your session ends with a form opened from the Approvals page, the form content is autosaved and you can continue to work with the form by re-opening it from the Approvals page after logging back in. If the form was not opened from the Approvals page, then the form can be re-opened from the Drafts page.

Note for Anonymous users who opened the form using the “Continue without Logging in” link: When connected without a login, there is no access to the Drafts or Approvals pages, therefore no autosaving of the form is available in this case. Open form content left unattended over 20 minutes will be lost.

A screenshot of the Sedgwick Employer Accident Report Portal. The page title is "Sedgwick Employer Accident Report Portal" with links for "EDIT FORM" and "VIEW FORM". Below the title, it says "\* Indicates a required field." and "The following recipients will automatically receive a copy of this submission." There are input fields for "Email address to receive" and "Employer Information". A pop-up window is centered on the screen, displaying the message: "This session will expire in 4:56. Click on 'Continue Session' to continue." Below the message are two buttons: "Continue Session" and "Logout". The background form includes fields for "Agency" (with a dropdown arrow) and "Employer Case Number (if applicable)".

# The Form

Upon logging in, a new blank FROI form is presented with navigational options arranged at the top.

Note: Anonymous users accessing the form will see only a blank form with no options other than a Submit button at the bottom of the form and the New Form link to start a new blank form.

Logged in users will also see the Drafts, Approvals, and History options.

# Using the FROI - Filling Out the Form

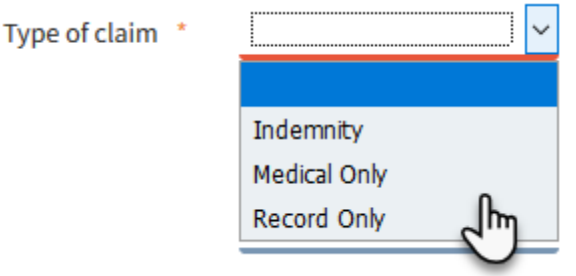

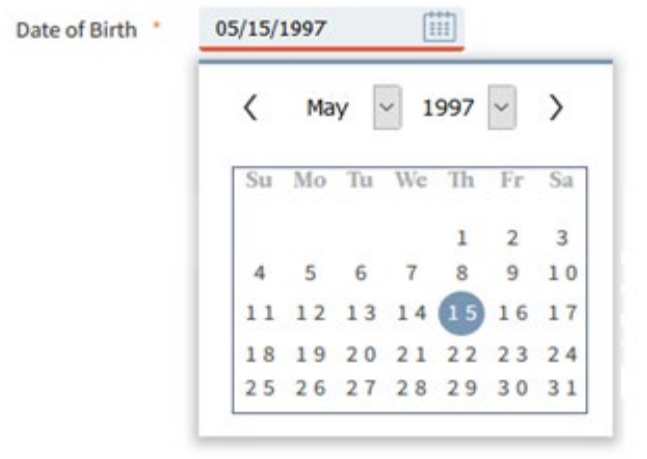

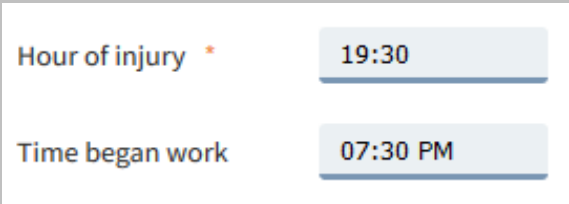

The following field types and/or features are contained in the form:

- **Free form alphanumeric text field (short):** Single line short length for text or numbers such as name, address, etc.
- **Numerical field:** Single line field expecting a number such as Zip Code, Telephone, Number of Dependents, etc. Information that is normally displayed with formatting, such as dashes in phone numbers or social security numbers, and can be entered without the dashes.
- **Free form alphanumeric text field (Long):** Fields designed for long narrative text. Namely the description of accident and the comments to claim staff. These fields allow text wrap to view the content you are typing in paragraph form.
- **Drop-down Menu Selections:** Type the characters in sequence to move directly to that point in the selection list. Pausing between characters will restart the movement within the list. Up/down arrows and mouse can be used to navigate.
- **Date Fields:** When the user clicks in a date field, a calendar picker is displayed. The user can select the desired date from the picker or enter the date into the field in a MM-DD-YYYY format. Dates are also checked for reasonableness. For example, Date of Birth must be prior to the Date of Hire and Lost Time and Return to Work dates cannot predate the Date of Injury.
- **Time fields:** The time fields also require a valid time format. The time fields are flexible and will allow variations on time formats such as HH:MM (in military/24 hour time) as well as HH:MM AM/PM. Note: If you are not intending to use 24 hour (military) time, you MUST INCLUDE AM/PM.
- If you are intending to use 12 hour (AM/PM) time and you are entering an afternoon or evening time, you must include the “PM” value or it will be assumed to be morning according to 24 hour time.

See the addendum section “[Menu Items and Buttons](#)” for a list of the user interface links within the FROI application.

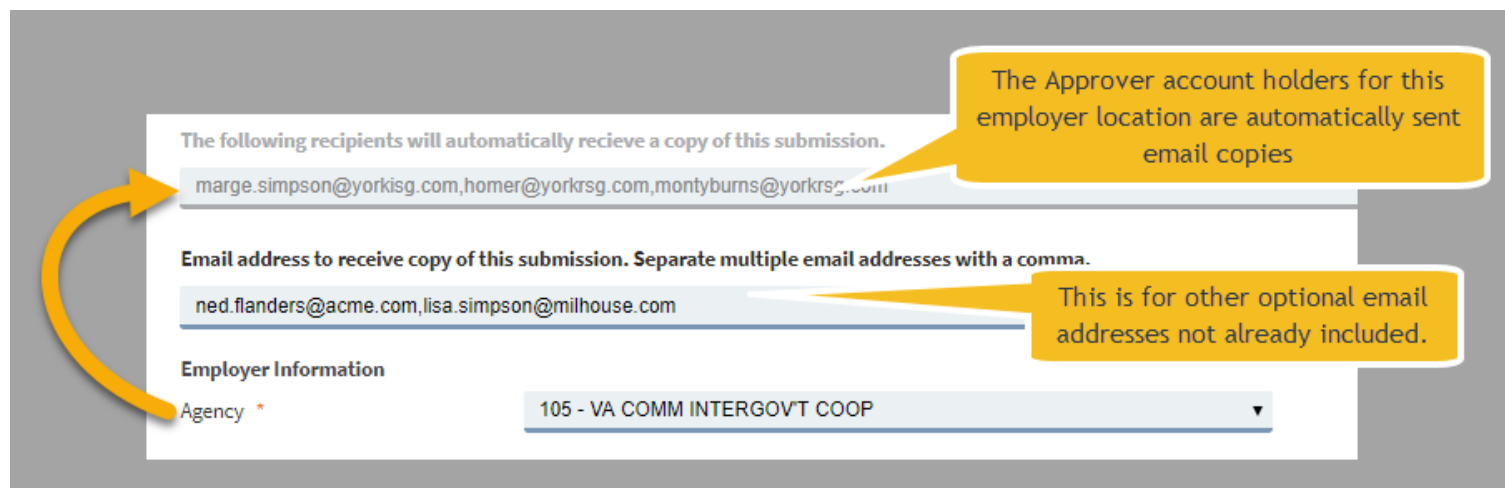

Type of Field	Sample
<b>1. Free form alpha-numeric text field (short):</b> <ul style="list-style-type: none"><li>• You can type freely within these fields.</li><li>• You can copy and Paste in these fields.</li></ul>	<div><div>Address *</div><div>1600 Pennsylvania Avenue</div></div>
<b>2. Numerical field:</b>	<div><div>Peronal ID Number *</div><div>888-88-8888</div><div>Phone (home)</div><div>(999) 867-5309</div></div>
<b>3. Free form alpha-numeric text field (long):</b>	<div><div>Comments to carrier claim staff</div><div><div>FYI There are several witnesses to the accident. If you need to reach them for a statement let me know.</div><div>They are:Grouchy Smurf,Brainy Smurf Poet Smurf,Alchemist Smurf</div><div>( 326 CHARACTERS )</div></div></div>

Type of Field	Sample
4. Drop-down Menu Selections	
5. Date Fields	
6. Time	

## Email Copy Field

The top of the form shows what mail accounts will receive email copies of the form and allows you to enter additional addresses. The automatic list at the top is controlled by which employer location is selected. The second field allows you to add your own.

The following recipients will automatically receive a copy of this submission.

marge.simpson@yorkisg.com,homer@yorkrsg.com,montyburns@yorkrsg.com

The Approver account holders for this employer location are automatically sent email copies

Email address to receive copy of this submission. Separate multiple email addresses with a comma.

ned.flanders@acme.com,lisa.simpson@milhouse.com

This is for other optional email addresses not already included.

Employer Information

Agency \* 105 - VA COMM INTERGOVT COOP

## Required Fields

The FROI form contains about 81 fields. 33 fields are required for claim creation.

Six fields are required for form creation by an Anonymous user. All 33 required fields, posted and outlined in red, must be completed before a claim can be created via approval by an account holder.

Invalid content in a field will be treated as an empty field and remain incomplete until corrected. This will typically occur in fields with specific formats such as date, time or SSN.

Some fields are necessary for setting up a workers' compensation claim. Additionally, state commissions mandate some fields. For compliance with data requirements and claim handling efficiency, the application will present a warning message if a required field is missing or invalid.

The diagram illustrates the visual state of required fields in the FROI form. It shows two instances of a 'Date of injury \*' field. The top instance is empty, with a red border and red text, highlighted by an orange callout bubble stating 'Required field text and outline in Red'. The bottom instance is filled with the date '01/02/2020', and its border and text are black, highlighted by an orange callout bubble stating 'Red coloration disappears once filled in'.

Required field text and outline in Red

Date of injury \*

Date of injury \*

Red coloration disappears once filled in

## Personal ID Number and Type

All claims require a personal identification number for the injured worker. This is usually the Social Security Number of the injured employee. The Workers' Compensation Commission accepts five types of identification. The FROI form includes a selection list of these five types. The social security number choice allows 9 numerical digits and the other choices allow 15. Both ID Type and Personal ID number are required fields prior to claim creation by an Approver.

The diagram illustrates the process of selecting an ID type for an employee. It shows two versions of the 'Employee Information' form. The top version has empty fields for 'ID Type Code' and 'Personal ID Number'. An orange callout bubble points to the 'ID Type Code' dropdown with the text 'Select an ID type'. A green arrow points from the 'Personal ID Number' field to the bottom version of the form. The bottom version shows the 'ID Type Code' dropdown selected with 'S - Employee Social Security Number'. The 'Personal ID Number' field contains '368-99-5645' and has an 'Autofill' button. A dropdown menu is open next to the 'ID Type Code' field, listing the following options:

- S - Employee Social Security Number
- A - Only if NO SSN exists Employee ID assigned by Jurisdiction
- E - Only if NO SSN exists Employee Employment Visa
- G - Only if NO SSN exists Employee Green Card
- P - Only if NO SSN exists Employee Passport Number

## NCCI Occupation Classification

Commonwealth of Virginia employee job titles have been uploaded as a customized list for Commonwealth FROI users. Each job title is assigned to a specific NCCI occupation classification.

There is now no need to search for a national Council on compensation Insurance (NCCI) code. It will automatically complete when the job title is selected. See examples.

The diagram shows two examples of how job titles are linked to NCCI occupation classifications. Each example consists of two dropdown menus. An orange callout bubble points to the examples with the text 'NCCI Class and Occupation Title linking examples'.

**Example 1:**

- Occupation at time of injury or illness: Pharmacist I
- NCCI occupation classification: Hospital: Professional Employees

**Example 2:**

- Occupation at time of injury or illness: Police Lieutenant
- NCCI occupation classification: Police Officers and Drivers

## Initial Treatment Required Field

A code identifying the extent of medical treatment received by the employee immediately following the accident.

Initial Treatment \*

▼

00 - No medical treatment

01 - Minor on-site remedies by employer med staff

02 - Minor clinic/hospital med remedies/testing

03 - Emergency eval. diagnostic tests/med procedures

04 - Hospitalization greater than 24 hours

05 - Future major medical/lost time anticipated

Choices:

Choices:	Description
0 = No medical treatment	
1 = Minor on-site remedies by employer medical staff	First Aid
2 = Minor clinic/hospital med remedies/testing	Doctor's office / Urgent Care Center /Clinic other than emergency room
3 = Emergency evaluation, diagnostic testing, and medical procedures	EMERGENCY ROOM
4 = Hospitalization greater than 24 hours	Admitted to the hospital overnight
5 = Future major medical/Lost time anticipated (i.e. hernia case)	Do not use for initial FROI submission.

# Preparer and Approver information

There are sections for the anonymous user and the logged in Approver to indicate communication preference and list their contact information. Approver contact information is already established via their login account.

Email

Only appears for logged in Approver users.

As a logged in user, your known name, email and phone should automatically appear.

Let us know how you prefer us to contact you.

## Anonymous User Submitting New Form for Approval

When starting a new form, the initial submission should be as complete as possible. Fill out the form to the best of your ability so that it is as complete as possible.

Once complete, click the “Submit” button. Assuming the required fields are populated and no validation errors exist, submissions by named users and system administrators do not go through the approval process. For anonymous users, however, their submission will need to be approved by a user assigned to the particular insured location assignment.

### Agency Selection

Agency Selection is **mandatory** for initial submission. The Agency/Sub-Agency/Department/Sub-Department selection serves two functions:

- It assigns the FROI form to the correct Approver(s) and assigns the claim to the proper employer location.
- Allows correct Approver(s) to receive the form, which is necessary for the 2<sup>nd</sup> submission to take place.

### Failure to Select an Agency

The application will not allow you to submit a form without choosing an Agency location. Below is an example of the message the user will receive if a submittal is attempted without selecting an Agency.

A more detailed message is displayed on the form:

A snippet of a form titled "Employer Information" in bold. It contains a label "Agency" followed by a red asterisk. To the right of the label is a red-outlined rectangular input field with a downward-pointing arrow on its right side. Below the input field, the text "Agency is a required field." is displayed in red.

## Successful Agency Selection

The Agency selection will display Sub Agency and Department levels where they exist. If your agency is a single level then the additional selections are not enabled. Logged in users assigned to a particular set of Agencies will only see those agency locations they are assigned to.

Forms submitted by anonymous users are moved to the “Approvals” queue upon initial submission. Forms submitted by Approver users are converted to Claim status if all required fields pass validation.

Anonymous user successful submission:

When the initial submission occurs, an email is sent to the approver(s) assigned to the particular insured location assignment.

## Approval and Submission by Authorized Users

Counts, in the form of badging, are displayed for Drafts and Approvals and represent the number of items within their respective queues.

The screenshot shows the top navigation bar of the Sedgwick Employer Accident Report Portal. The bar is dark blue with the Sedgwick logo on the left. Navigation links include 'NEW FORM', 'DRAFTS' (with a red badge showing '12'), 'APPROVALS' (with a red badge showing '3'), and 'HISTORY'. On the right, there is a user profile 'Hi Agatha!' and a 'LOGOUT' link. A green arrow points from a callout box to the 'APPROVALS' link. The callout box contains the text: 'You have 3 anonymously submitted forms needing your approval, and 12 draft items underway.' Below the navigation bar, the main content area has a title 'Sedgwick Employer Accident Report Portal' and a note '\* Indicates a required field.' Below this, a message states 'The following recipients will automatically receive a copy of this submission.' followed by a text input field containing 'agathaA@JohnDoeAgency.com'. Below this is another text input field with the label 'Email address to receive copy of this submission. Separate multiple email addresses with a comma.' Underneath is the 'Employer Information' section, which includes a required field 'Agency \*' with a dropdown menu and a field for 'Employer Case Number (if applicable)'.

**sedgwick**

NEW FORM DRAFTS **12** APPROVALS **3** HISTORY Hi Agatha! LOGOUT

Sedgwick Employer Accident Report Portal

\* Indicates a required field.

The following recipients will automatically receive a copy of this submission.

Employer Case Number (if applicable)

FORM AS TEXT

You have 3 anonymously submitted forms needing your approval, and 12 draft items underway.

© 2025 SEDGWICK

Approvers will be notified of a pending submission requiring approval in two ways:

1. Emails are sent to the approvers assigned to the particular insured location assignment.

2. Approval Pending count on screen header when logged in.

When the Approver logs in, they will see a count indicator on the Approvals icon if there are any pending items for them to review.

Click the **Approvals** menu item at the top of the screen. A list of documents matching the counter displayed on the Approvals menu item will be displayed on the Approvals page, along with the following information.

### Approver User – Approval Ownership

Each Employer, Agency, Sub agency, Department, etc., may have one or more Approvers designated to create claims for that location. If an anonymous user submits a form, these Approvers will receive email messages announcing the pending form.

If an eligible Approver opens, updates and saves the form, other users with the same approval permissions will still be able to see and edit the form. This allows all Approvers of the same agency, sub-agency, etc. to view, open and modify a report without taking exclusive ownership.

A list of Approval pending documents is displayed with several columns indicating the subject of the form and who created or changed the form. The rows are highlighted as you pass over them with a mouse and action buttons are displayed for form management.

## Approvals

#	Subject	Initiated By	Initiated On	Modified By	Modified On	Action
218008	Smithington, Fakery 03/01/2025	Anonymous	3/17/2025 10:28 AM	Anonymous	3/17/2025 10:28 AM	
218007	test, tester 02/15/2024	Anonymous	3/11/2025 6:40 AM	Anonymous	3/24/2025 1:24 PM	<a href="#">Open</a> <a href="#">Delete</a>
218006	testfter, tester 02/22/2024	Anonymous	3/11/2025 6:38 AM	Anonymous	3/24/2025 11:41 AM	

- **#:** The unique system-generated identification number.
- **Subject:** This is the *Last Name, First Name, and Date of Injury* as entered on the form.
- **Initiated By:** Anonymous will be displayed.
- **Initiated On:** The date and time that the FROI was created.
- **Modified By:** The user that last changed/saved this form.
- **Modified On:** The date and time that the form was last changed/saved.
- **Action:** When the user clicks on a row in the table, this column displays Open and Delete buttons.

## SORTING:

Column may be  sorted by clicking on the column header. Column sort is indicated by symbols in the header.

## SEARCHING:

There is a search field at the upper right-hand corner of the screen to search for forms by any of the visible column elements. For example, you can search for any subject with the name "Smith" or one of the dates in the table.

## Autofill Employee Information

Logged in Approvers may use the Autofill feature to load injured employees' personal information without typing. If an injured employee has a prior injury report submitted through this application, the last set of personal information is retained and available to use by the Approver user to load to the form.

1. Select an ID Type Code. e.g.: "Social Security Number"
2. Enter a Personal ID Number
3. Click on the Autofill link that appears next to the ID number.

The screenshot shows the 'Employee Information' section of a form. It contains two input fields: 'ID Type Code' and 'Personal ID Number'. The 'ID Type Code' field has a dropdown menu with 'S - Employee Social Security Number' selected. The 'Personal ID Number' field contains the text '123-45-6789'. To the right of the 'Personal ID Number' field is a red 'Autofill' link. A hand cursor icon is pointing at the 'Autofill' link. A yellow callout box with a speech bubble tail pointing to the 'Autofill' link contains the text: 'Select Autofill after providing ID Type and ID Number'. Three green circles with numbers 1, 2, and 3 are overlaid on the form: circle 1 is over the 'ID Type Code' dropdown, circle 2 is over the 'Personal ID Number' field, and circle 3 is over the 'Autofill' link.

If the ID number has previously been used to create a claim, the most recent set of Employee Information from the last claim submission will be displayed in a new window.

Scroll through the window to review the content. You cannot edit the fields in the pop-up window since it is showing the last completed form content.

If you would like to use the content displayed, select Ok at the bottom of the window. The content will be copied to the current form you are working on. You may now edit the copied contents of the employee information in your form.

Note: Any content in the Employee Information section prior to copying the Autofill results will be overwritten by the Autofill content.

The screenshot shows a pop-up window titled 'Here is the information from the last claim for this employee'. Below the title is a subtitle: 'Click Ok to use this information in your form.' The window contains several input fields: 'ID Type Code:' with a dropdown menu showing 'S - Employee Social Security Number'; 'Personal ID Number:' with the text '123-45-6789'; 'Last Name:' with the text 'Smurf'; 'First Name:' with the text 'Clown'; and 'Middle Initial:' with the text 'G'. At the bottom of the window are two buttons: 'Ok' (orange) and 'Cancel' (blue). A vertical scrollbar is visible on the right side of the window.

Auto-fill Employee info from last claim submitted

## Saving an Un-Submitted Form for Later Submission

If you have made changes to a form and wish to leave it prior to submission, make sure to click the “Save” option (not available for anonymous users) at the bottom of the form. An auto-save feature has also been added that saves a form every three minutes. Otherwise, if you click on any of the menu options, or close the application, the changes made will not have been saved.

Saving a form retains it in the queue where it currently resides.

## Drafts

Approval level users may create a new original form and save it before submitting for claim creation. These forms are saved as drafts in the Draft queue. They may be accessed at a later date in the Drafts queue.

## Claim Creation

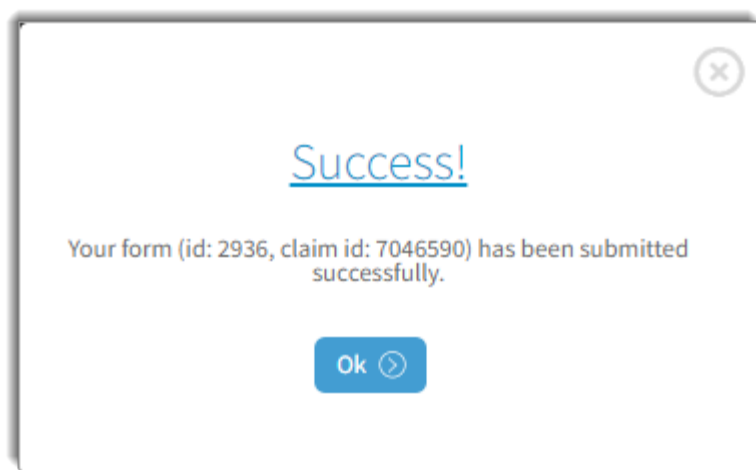

When an Approver clicks  a claim will be created if all required fields have been completed and there are no other validation errors.

If all requirements for claim creation are met, a claim number is generated immediately upon submission. Upon creation, the form with claim number will be presented in text format. The text may be copied from the screen or downloaded in PDF format.

The claim form content may also be reviewed later within the History list. (See History Documents section of this document)

**Remember – The process is not complete until you have received a claim number.**

Success message:

# Final Claim Form Email

When a claim is created, an email is sent to the Approver of the claim, other Approver account holders for that location and to any addresses entered by the user(s) in the email address field at the top of the form.

- The email message contains the entire FROI form as text.
- It is the same format and content displayed from the "view form as text" button.
- You may archive the email in your email program.
- You can save the email as an independent document outside your email.
- The message can be printed from your email application.
- The content can be copied and pasted as needed.

Marge,

We have received your claim submission. Below is a copy of the information we received, for your records.

Depending on the type of accident, the assigned benefit coordinator (BC) may need additional information to complete their compensability decision on the claim.

Click on the link below for checklists of the most common types of information the BC may need in order to complete their investigation.

To get a jump-start on the process and cut down on phone calls and emails, consult the appropriate checklist and forward the needed information as soon as possible.

## Link to Post Accident Checklists

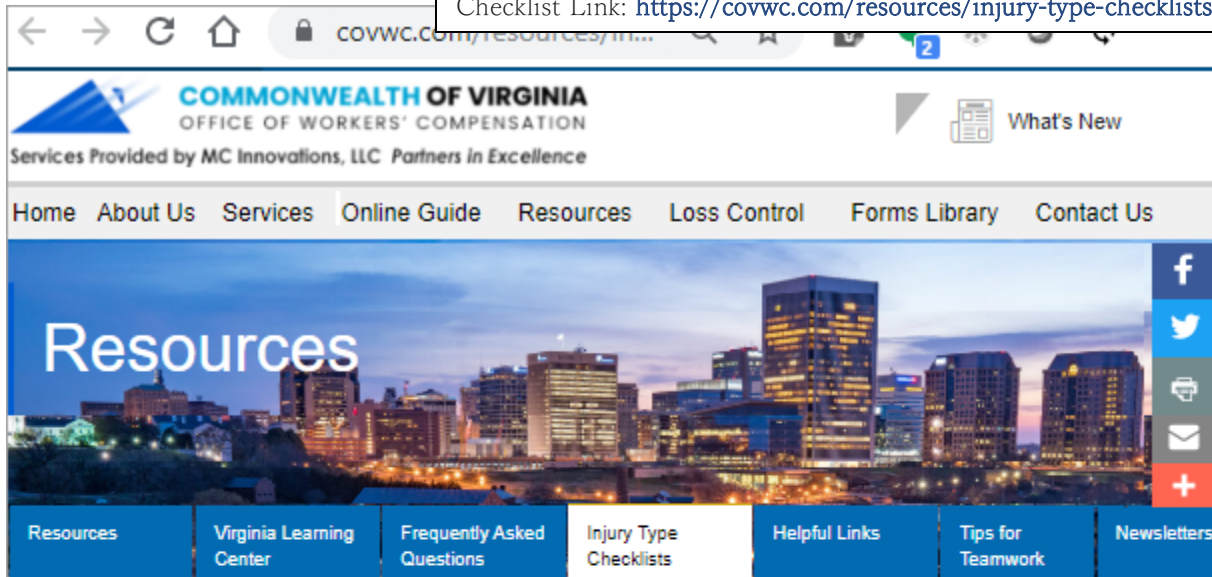

The claim acknowledgment email received by the submitter and other eligible Approvers linked to the organization, contains a link to a checklist designed to assist with preparation for data requests arising from claim investigation.

Depending on the type of accident, the assigned benefit coordinator (BC) may need additional information to complete their compensability decision on the claim.

Click on the link below for checklists of the most common types of information the BC may need in order to complete their investigation.

To get a jump-start on the process and cut down on phone calls and emails, consult the appropriate checklist and forward the needed information as soon as possible.

Checklist Link: <https://covwc.com/resources/injury-type-checklists>

## Injury Type Checklists

[check\*list (noun); plural (noun): checklists, a list of items required, things to be done, or points to be considered, used as a reminder]

These checklists are aimed at arming you with the most common types of information the benefit coordinator will need in order to complete their investigation. Start gathering and supplying the needed information as soon as you are made aware of the accident.

[Download Injury Type Checklists](#)

### The checklists include:

- General Post Accident Checklist
- Slip/Trip/Fall Checklist
- Motor Vehicle Accident Checklist
- Machinery/Equipment/Product Checklist
- Chemical Exposure Checklist
- Attacks/Assaults Checklist
- Mold Checklist

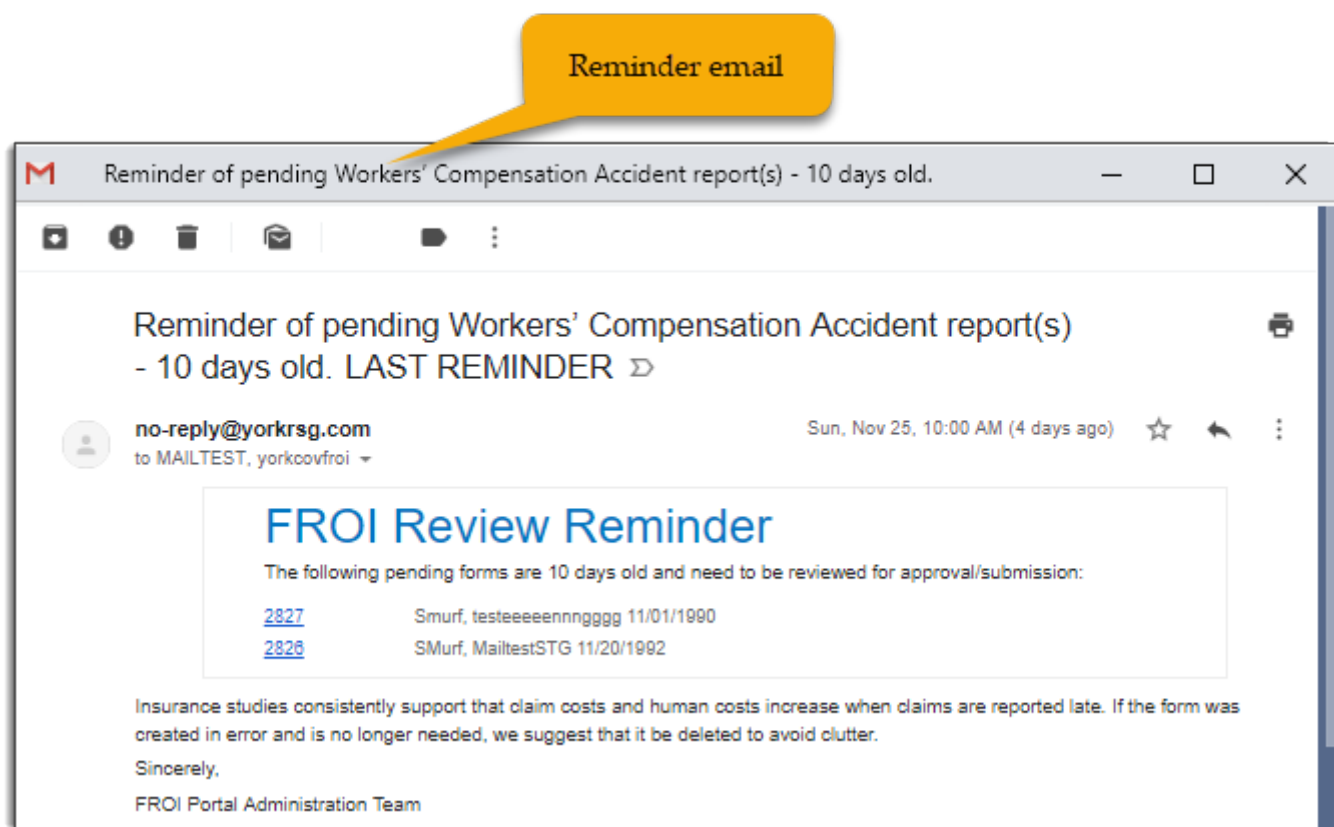

## Reminder Emails for Outstanding Forms in Approval Queue

Approvers with rights to a location will receive a limited number of reminder emails at specified intervals. This is in addition to the initial notification of a pending form submitted by an anonymous user for approval.

- 3 Days after submission for approval
- 7 Days after submission for approval
- 10 Days after submission for approval (This is the final reminder)

Forms left in approval queue will remain there indefinitely. Insurance studies consistently support that claim costs and human costs increase when claims are reported late. If the form was created in error and is no longer needed, we suggest that it be deleted to avoid clutter.

## Form Management

### Employer Accident Report

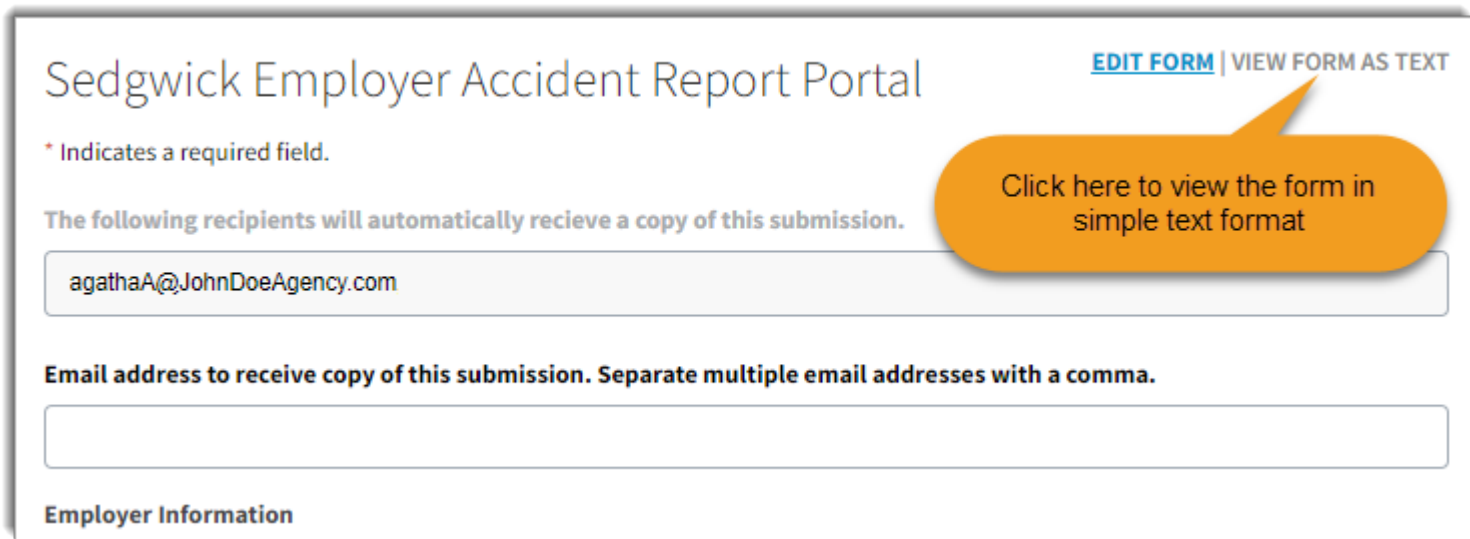

#### Viewing the Form as Text

You can view a form in text format via the “View Form as Text” option. This is available when a form is open or when the Draft, Approval or History queues are open. Every data entry field completed is displayed in a table format, although some fields are masked with asterisks for security purposes. The complete form is presented by section in plain text.

Notable features:

- No additional software or program required to display.
- Content may be copied and pasted by user.
- Every data entry field completed is displayed in a table format (some fields are masked with asterisks for security purposes).

The View Form as Text option is displayed in the top right of the form:

The screenshot shows the top section of the 'Sedgwick Employer Accident Report Portal'. In the top right corner, there are two links: 'EDIT FORM' and 'VIEW FORM AS TEXT'. An orange callout bubble points to the 'VIEW FORM AS TEXT' link with the text 'Click here to view the form in simple text format'. Below the portal title, there is a note: '\* Indicates a required field.' followed by a section titled 'The following recipients will automatically receive a copy of this submission.' which contains a text box with the email 'agathaA@JohnDoeAgency.com'. Below this is another text box for 'Email address to receive copy of this submission. Separate multiple email addresses with a comma.' and a section header 'Employer Information'.

## Copy and Paste Form Contents

Contents of the text form view may be downloaded as a PDF (option is displayed at the bottom of the form when viewing as text), or copied and pasted by the user into another application. This works using conventional PC copy (CTRL + C) and paste (CTRL + V) techniques, as well as copy (Command + C) and paste (Command + V) on a Mac.

Once you paste your data into another application on your PC, you may edit or format it as needed.

## Deleting a FROI

An FROI can only be deleted from the Drafts and Approvals queues. Since anonymous users do not have access to Drafts and Approvals, only named users and system administrators have the ability to delete FROIs.

**Caution:** The application will prompt you to confirm deletion. However, once you have clicked “Confirm” to approve the deletion, the FROI is not retrievable.

***You cannot delete FROIs that have been completely submitted and have a claim #. These are contained within the History list and are permanent.***

To delete the FROI, follow the steps below:

1. From the Drafts or Approvals queues, select the FROI to be deleted.

The application will display Open and Delete buttons.

2. Click the **Delete** button.
3. Verify that the intended form is selected and click **Confirm** to approve and finalize the deletion.

## History

#	Subject	Initiated By	Initiated On	Claim Id	Submitted By	Submitted On	Attachments
---	---------	--------------	--------------	----------	--------------	--------------	-------------

All documents appear in the History queue once they have been saved or submitted. Documents that are in draft or awaiting approval will not have a claim number, while fully completed submissions will have a claim number.

The History menu item is only available to Approver users and system administrators. Those users will be able to see all reports submitted under the insured locations for which they are assigned.

To open a report, simply click on the appropriate row in the table. If the report has been fully submitted, the form will display as text. If the report is in draft or awaiting approval, the report will display in editable form.

## Attachments and Annotations

Claim related documents and files may be uploaded at the time of claim creation. Claims listed within the History list may be accessed at a later date for uploading new documentation related to the claim. Annotations may also be loaded to a claim once it is created and listed in history.

Examples of things to upload:

- Photographs related to the accident
- Internal Accident reports
- Medical Treatment related documents
- Employee Work Profile
- Wage/Salary documents

**Important: Items should be individually uploaded.** Do not bundle multiple types of documents or claims. For example, a medical note (s) should be uploaded and labeled as such without any non-medical notes attached. A wage worksheet being uploaded the same day should be separated and loaded on its own labeled as a wage worksheet.

### Attachments

**File Size Limit:** 100MB

Add ...

### Annotations

Add ...

**Attachment requirements:** There is a size limit of 100MB per uploaded file or document. The upload service accepts most common file formats.

If you attempt to upload an unsupported file format (e.g. applications), an error message will be displayed indicating what formats are supported.

### Warning

File named RTFConverter.exe has an invalid extension.

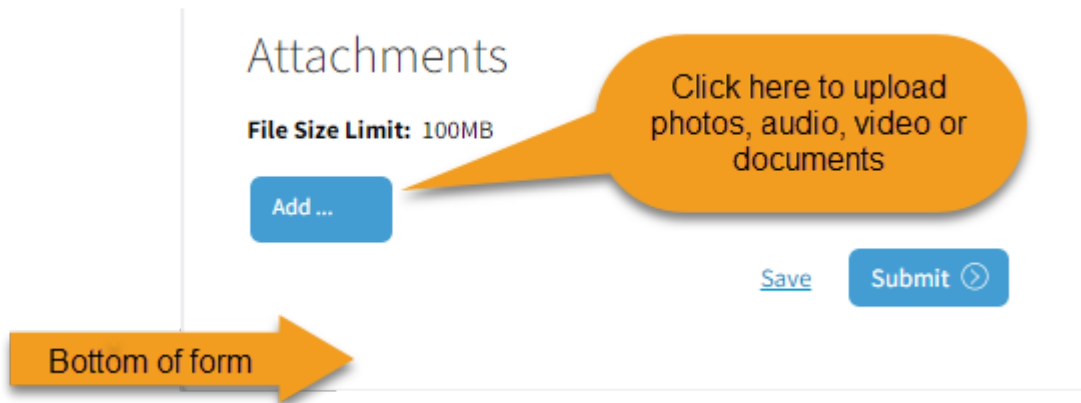

Allowed extensions are:

.pdf, .doc, .jpg, .jpeg, .rtf, .wav, .dot, .xls, .tif, .tiff, .txt, .xst, .mpg, .mpeg, .bmp, .hpd, .mdi, .mp3, .wmv, .gif, .max, .msg, .zip, .log, .wbk, .ppt, .albm, .wpd, .csv, .wmf, .pcx, .dvt, .psd, .avi, .eml, .wma, .mp4, .xps, .docx, .xlsx, .vod, .odt, .mov, .3gp, .ifo, .vcb, .blp, .bup, .ifo, .vob, .ctx, .mht, .xml, .png

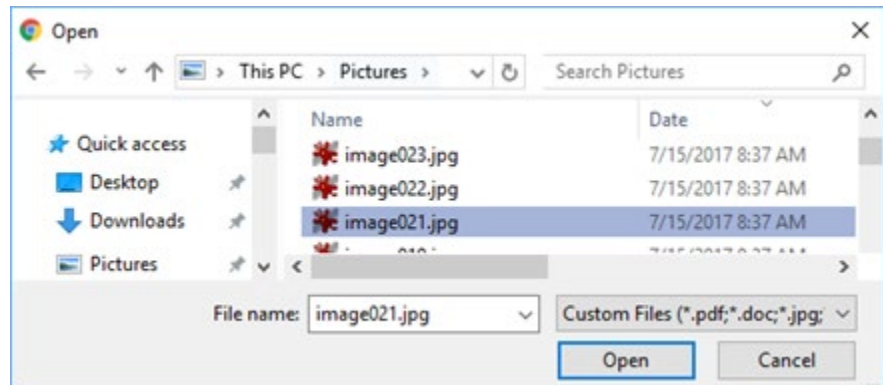

OK

## Attachments at time of Claim Submission

Logged in users can submit an attachment to the claim form at time of submission. This is only available to a logged in Approver. At the bottom left side of the form there is a button to add your attachment(s).

1. Click Add and Select the file you would like to upload

you

2. Select a type and provide a description of what you are uploading.

Add an Annotation.

The image shows two overlapping dialog boxes. The top dialog box is titled 'Add Annotation' and contains a 'Subject' field with the text 'Additional days out of work reported' and an 'Annotation' text area with the text 'Mr. Smith reported that Mr Anderson was out of work last week due to his injury. He went to the doctor, but we have not received any medical note or further information. I called and left a message for Mr. Anderson.' Below the text area are 'OK' and 'Cancel' buttons. The bottom dialog box is titled 'Success!' and contains the text 'Your annotation uploaded successfully.' with an 'OK' button. Three yellow callout boxes provide instructions: 'Short Subject title' points to the Subject field, 'Type the body of your text here and select "OK" to upload.' points to the Annotation text area, and 'Your annotation will be loaded to the Claim notes for this injury.' is a general instruction.

**Short Subject title**

**Type the body of your text here and select "OK" to upload.**

**Your annotation will be loaded to the Claim notes for this injury.**

**Add Annotation**

Subject: Additional days out of work reported

Annotation: Mr. Smith reported that Mr Anderson was out of work last week due to his injury. He went to the doctor, but we have not received any medical note or further information. I called and left a message for Mr. Anderson.

OK Cancel

# System Messages and Troubleshooting

## Form Validation Messages

Whenever the Submit button is selected, the contents of the form will be evaluated to make sure the required fields are complete and to also ensure that answers do not contradict each other ( e.g. Injury date is before date of birth)

### *Required Fields Not Complete*

If you attempt to submit a form with a required field not completed, the form will refuse to submit and a message will indicate you need to review the orange underlined fields.

Warning Message:

Detailed Message Displayed on Form:

### Employee Information

ID Type Code \*

ID Type Code is a required field. ←

Personal ID Number \*

Personal ID Number is a required field. ←

Last Name \*

Last Name is a required field. ←

In all cases, you should complete all of the information known to you at the time of submission.

### Outside the Contract Range Message

Each employer has a start and end date for coverage. If a new Agency is added or an Agency is discontinued, the dates of allowed claim coverage will reflect the start and end dates respectively.

If a claim is submitted for an injury date of 01/01/2012 but the Agency was not added until 7/1/2012, then the Injury date is "Outside the Contract Range."

In some cases an Agency may have placed an end date at the Agency level but still allows claims to be assigned for later time periods under each of the Sub Agencies within the Agency. If you see this message double check what location you are attempting to assign the claim to as well as the injury date. Check to see if you have selected a valid location for your Agency's policy configuration.

Date of injury \*

03/01/2019

Date of injury must be less than the insured location 105 - VA COMM INTERGOV'T COOP expiration date 7/1/2000

### Date Sequences are Invalid

The application will also verify that the event dates on the form are in a logical sequence.

For example, the date of injury cannot occur before the date of hire.

Date of Hire \*

03/03/2020

Date of hire must be less than or equal to date of injury

Time and Place of Accident

Postal ZIP code where injury occurred \*

23112

Date injury or illness reported \*

08/08/2018

Date injury or illness reported must be greater than or equal to the date of injury

Has employee lost time from work \*

Yes

▼

Last day worked after the injury \*

02/01/2019

Last day worked after the injury must be greater than or equal to the date of injury

Has employee returned to work \*

Yes

▼

Full Duty

▼

At what wage \*

Same Pay

▼

On what date \*

01/16/2019

Date employee returned to work after the injury must be greater than or equal to last day worked

## Claim Type and Lost Time from Work Agreement

The three claim types imply certain lost time and return to work scenarios. The form will automatically review the claim type and compare with the time off and return to work. If it appears there is a disagreement between the lost time and the claim type, a warning will be shown in the form of a **red highlight** of the claim type definition.

**i** This information pop-up describes the three claim types

Type of claim \*  **i**

Record Only = NO time lost, NO physician or hospital care.  
Medical Only = Physician or hospital care; NO time lost > 7 days expected.  
Indemnity = Lost time > 7 days expected.

**Sample #1 Claim Type and Lost Time disagreement**

**Warning upon selection of Claim type and incompatible Lost Time**

Type of claim \*  **i**

**Record Only = NO time lost, NO physician or hospital care.**  
Medical Only = Physician or hospital care; NO time lost > 7 days expected.  
Indemnity = Lost time > 7 days expected.

Type of claim - [Record Only] can only be used with no time lost from work.

Has employee lost time from work \*

**Validation Error if warning is ignored and claim is submitted**

**Sample #2 Claim Type and Lost Time disagreement**

Type of claim \*  **i**

**Record Only = NO time lost, NO physician or hospital care.**  
**Medical Only = Physician or hospital care; NO time lost > 7 days expected.**  
Indemnity = Lost time > 7 days expected.

Has employee lost time from work \*

Last day worked after the injury \*

Has employee returned to work \*

**Employee has not returned to work and it is now > 7 days later**

**Sample #3 Claim Type and Lost Time disagreement**

Type of claim \*  **i**

**Record Only = NO time lost, NO physician or hospital care.**  
Medical Only = Physician or hospital care; NO time lost > 7 days expected.  
**Indemnity = Lost time > 7 days expected.**

Has employee lost time from work \*

**No lost .... should be Medical Only or Record Only**

## Duplicate Claim Message

The application will allow multiple injuries for an employee in one day; however it will display a message if you attempt to submit two claims for the same injured worker with the same date and time of injury.

For quality control, the **date of injury, hour of injury, and social security number** are checked to avoid duplicate claim entries.

Warning Message:

### Warning

There were validation errors while trying to submit your form.

Please correct these and try again.

York

Employer Accident Report Portal

\* Indicates a required field.

There appears to be a duplicate claim for this employee id, date of injury, and hour of injury.

## Frequently Asked Questions (FAQ)

### 1. What if I forget my password?

To reset your password, click on the “Forgot password?” link next to the “Login” button.

It will ask you for your login ID and then send a password reset link to the email address associated with your account.

### 2. Message Shown upon login: “Unable to determine any insured locations for your profile. Please contact your system administrator.”

This message means that your account has not been linked to an employer location. In order for you to submit or approve forms, your account will need to be associated with a location. Please contact support resources to initiate a correction.

### 3. Can I see reports entered by other users such as coworkers set up at my location under the History tab?

Yes. Although anonymous users do not have access to History, named users and system administrators are able to see all reports under the same insured location assignment(s), even if not saved or submitted by that particular user.

### 4. I submitted a form but I do not see it in my Approval or my Draft queue. Where is it?

If you are logged in as an Approver, and you successfully submit a form, it will create a claim if all form requirements are satisfied and will appear under the History list as a completed claim submission.

### 5. I have a report in my Draft or Approval queue and I’ve realized it is not a Workers’ Compensation claim and should not be submitted. What should I do?

If you have a pending entry that does not yet have a claim number and you do not intend to complete the submission, the entry can be deleted from the queue. When you click on a form in the Draft or Approval queue, you will have the option to Open or Delete the form. Verify that you have selected the correct form and click on the “Delete” button. The system will prompt you to confirm your intention to delete.

### 6. If I, or one of my coworkers, is leaving and/or no longer needs access, what should I do?

You should formally communicate this change to DHRM and, if needed, ask for a replacement contact person to be added.

DHRM Agency Contact form: <http://www.dhrm.virginia.gov/workerscomp/forms/toc.html>

DHRM contact: Pam Goetz at DHRM: [pam.goetz@dhrm.virginia.gov](mailto:pam.goetz@dhrm.virginia.gov)

**7. I am not sure what Zip Code to enter for the “Postal Zip Code where injury occurred” field. I know the address, but not sure of the code.**

This field establishes the geographical position of injury occurrences, so enter (as close as possible) the zip code of the actual location where the injury occurred. The US Postal Service provides an easy to use Zip Code lookup page.

**Tip**—The US Postal Service provides an easy to use Zip Code lookup page.

<http://zip4.usps.com/zip4/>

**8. Can I upload documents or annotations to the Sedgwick claim system after I’ve submitted the claim?**

Yes. You may upload items to claims that appear in the history table. Select the Add button or open the form and select the “[ADD ATTACHMENTS](#)” link. In each case, you will be taken to the bottom of the form where Attachments and Annotations are uploaded and recorded.

**9. Are there any limitations to what I can upload?**

Yes. Attachments are capped at a size limit of 100MB.

The upload process will accept most common file formats: .pdf, .doc, .jpg, .jpeg, .rtf, .wav, .dot, .xls, .tif, .tiff, .txt, .xst, .mpg, .mpeg, .bmp, .hpd, .mdi, .mp3, .wmv, .gif, .max, .msg, .zip, .log, .wbk, .ppt, .albm, .wpd, .csv, .wmf, .pcx, .dvh, .psd, .avi, .eml, .wma, .mp4, .xps, .docx, .xlsx, .vod, .odt, .mov, .3gp, .ifo, .vcb, .blp, .bup, .ifo, .vob, .ctx, .mht, .xml, .png

**10. What do I do if I get an error message when uploading my attachment?**

Attachments temporarily upload to the form before being passed to the claim system. If you see a failure popup window message, close it and look for a “Resubmit” button within the attachment row recorded for the item. Select this button and try again. If you do not see a row listing your attempted attachment upload, try uploading the file again using the “Add” button.

## Menu Items and Buttons

Buttons/Links	Location	Action	User
	Top right of every page.	Displays the help page with technical and browser support information.	Anonymous, named user, system administrators
	Top right of page (when not logged into app).	Navigates to the Login page where the user can log into the application.	Displays before a user logs into the application (and for Anonymous user)
	Login page	Navigates to the New Form page for an Anonymous user.	Anonymous user
	Login page	Navigates to the Forgot Password page for the user to begin the reset password process.	Named user, system administrators
	Login page	After entering a valid username and password, clicking on this button logs the user into the application.	Named user, system administrators
	Header menu	Opens a new form when clicked.	Anonymous, named user, system administrators
	Header menu	Displays saved forms for users who share the same insured location level. The count of items within the queue is displayed.	Named user, system administrators
	Header menu	Displays forms for users with appropriate insured location levels which need an approval submission. The count of items within the queue is displayed.	Named user, system administrators
	Header menu	Displays saved and submitted forms for users who share the same insured location level.	Named user, system administrators
	Header menu (when logged in)	Logs the user out of the application and displays the Login page.	Named user, system administrators
	Within Employee Accident Report	Toggle to switch between viewing the form as text and the editable form.	Anonymous, named user, system administrators

<b>VIEW FORM AS TEXT</b>	Within Employee Accident Report	Toggle to switch between viewing the form as text and the editable form.	Anonymous, named user, system administrators
